“I’m ashamed of what those beasts did to me and my daughter...the most demeaning thing they did was to force my husband to watch as a gang of six young men repeatedly raped us,”

-R.N

“I still attend counseling sessions at Gemini office because I’m not so sure I have forgiven my neighbours for torching down my house and looting my supply of food....maybe I will forgive them, maybe I will not.”

-Robert

“I don’t want to say anything for now...but if I have to, I can only say Thank You (Gemini) from deep down my heart...”

-Joshua Rono
