

Hello friends,

“My name is Jacinta, currently taking Tailoring classes sponsored by GEMINI. I dropped from school last year after getting pregnant. It was unfortunate and I now understand why my mum was so mad at me. I lost my only opportunity to salvage the family from the pangs of poverty.

“I wanted to be a Social worker. To help members of my community. To join a team of dedicated development workers who provide farming tips to rural families. But all my dreams were shattered when I discovered I was three months pregnant.

“But I believe all is not lost. GEMINI is still providing me with the necessary skills that I need to stay afloat in tackling life challenges. I have seen what other students have achieved after completing their training.

“Now we have another opportunity to realize our dreams. Winning *The Alive & Learning Project Challenge* will expand vulnerable teen mum’s capacities. We will acquire more sewing machines. Expand our outreach campaigns to rope in more susceptible adolescents.

“On my behalf, kindly support us. Every donation helps, and no donation is too small. If you’re ready to donate now, please visit our project page on GlobalGiving.co.uk: [www.globalgiving.co.uk/1802](http://www.globalgiving.co.uk/1802)
