

THANK YOU SO MUCH!!!

Lydia checking cake

“My name is Lydia, currently taking a Baking course sponsored by GEMINI.

“I’m just about to graduate from the Unit, and hopefully get a job with GEMINI as a part-time tutor.

“I thought dropping from school was the end of life for me...but I thought wrong! With GEMINI’s continuous support and encouragement, and with your unfailing donations, I’ve just been handed a second chance...”

“Over the past few weeks, GEMINI has been taking part in the **Alive & Learning Project Challenge**, a fundraising opportunity for health and education projects helping communities worldwide.

“We are so excited with your continued support...the donations are streaming in, slowly but surely. Every donation helps, and no donation is too small. You can show your support for GEMINI for as little as £5 and make a big impact to our project. If you’re ready to donate now, please visit our project page on GlobalGiving.co.uk: www.globalgiving.co.uk/1802

Packaging cakes ready for market

“Your support will enable us acquire more bakery equipment that will mean more students can be assisted. We will also expand our market reach for our bakery products and as well as reach more vulnerable adolescents with reproductive health information.

“The deadline for the challenge is fast approaching: **August 14th**! We really need your support: Follow this link www.globalgiving.co.uk/1802 and make your donation. We will also appreciate if you could spread the word to your friends, relatives and colleagues....**every little donation counts!**

“Again, thanks so much for the second chance...!”
