"Make Your Move!"

At the end of each year, people usually take stock of what the year has been. As the ambassadors of HIV/AIDS, VAP would wish to encourage you to take stock of your health and ask yourself: have I been tested for my HIV/AIDS status? This is one of the most priceless gift you would ever give to yourself and enhance the HIV Free generation campaign.

At VAP we have been in the forefront applying innovative HIV/AIDS prevention Skills and also conducting soccer tournaments dubbed "Kick N Test VCT soccer tournaments" where young

people from various walks get a chance to know their status.

ALL SYSTEMS GO FOR COMMUNITY CENTRES

After much concentration of delivering skillz programs in schools, it's now time to shift the gears and focus solely on community centres now that schools have closed for the festive holidays. With fresh information from the recent training of coaches' course, VAP is working with 5 new youth centres: sports connect, Mbotela foundation, shelter of hope, Madiwa city and Buru Buru sports academy as other community centres are just on the verge of their graduations.
